

Ice Cream

Utensils Needed

small freezer bag
large zippered freezer bag
crushed ice
salt

Ingredients Needed

250	mL	homogenized milk
1	mL	vanilla
25	mL	sugar
30	mL	sweetened condensed milk

Directions

1. Put all the ingredients into small freezer bag.
2. Seal bag well - make sure all air is released.
3. Put the crushed ice and salt into large zippered freezer bag.
4. Put small bag of ingredients inside large bag.
5. Seal well—releasing all air from large bag.
6. Knead until the milk and ingredients change into ice cream consistency.
7. **DO NOT EAT!** We will sample the ice cream with the rest of the class.
