

TAKE A FIELD TRIP WITHOUT LEAVING THE CLASSROOM.

The dairy industry serves as an interesting and unique learning vehicle for students to expand their knowledge of the world around them, while developing skills that will help them become well-informed decision makers and life-long learners. Based on the latest Ontario Curriculum, the program is 45 minutes in length, features interactive activities, and is presented by an Ontario Dairy Educator.

REQUEST FOR DAIRY EDUCATOR VISIT

Access to a SMART Board is strongly recommended. Due to the level of interactive activities within the presentation, combining classes is not permitted. A single setup location is best for the educator. Otherwise, please allow 15 minutes between presentations if the educator needs to change rooms.

To book your school's presentations, complete the following information:

Name of school _____

Address _____ Postal code _____

Contact person _____ Telephone _____

Email _____

Where can the educator park? _____

School start time _____ Dismissal time _____

Morning recess _____ Lunch time _____ Afternoon recess _____
